2. Management Analysis

1. Though there is limited lending opportunity in the market, the bank is able to increase its balance sheet size satisfactorily. However due to the pressure in interest spread and low yield on investment, the net interest income has decreased.
2. Business sectors including banking industry has been facing challenging conditions for quite some time now and it is obvious to have these factors affect Bank's overall profitability. However the Bank has been able to effectively utilize the limited available opportunities and has been accordingly able to post a healthy growth on non-interest revenues. Bank remains committed in its thrust on diversification of business and accordingly newer business avenues are being looked into.
3. Due to the proposed cash dividend of 12.79% and increment in business some pressure has been observed in the capital adequacy ratio however bank is planning to issue supplementary capital in near future for giving a comfortable cushion for future business growth.
4. The Bank has been regularly introducing various new products and has been re-aligning its existing products as per the changing market needs. The Bank has recently introduced Club Siddhartha, a loyalty based product with various value added benefits. The Bank is introducing various alternate payment solution products like credit card, prepaid card; application based mobile banking services along with SMS alert.
